

A new way to connect

The Organising Space is designed to support you as an activist in the crucial organising work that you do.

The Organising Space is an online portal and your place to:

- **Connect** with fellow activists right across the UK
- **Share** and discuss your UNISON experiences and events
- **Discover** essential resources to help your activist organising
- **Contribute** your unique knowledge and expertise to UNISON
- **Shout about** your successes and what has worked well in your branch/region

The great news is it's already here! So, what are you waiting for? Join the hundreds of your fellow activists and staff who are already sharing ideas, successes and experiences in the new online space. If you are already registered with MY UNISON then you can click the link here: <https://organisingspace.unison.org.uk>

If not registered, it's a very easy process – go to the Unison website, and set up your account using your membership number.

We are looking forward to seeing you online!

TEAM UNISON

The most important people in UNISON are the members

Team Unison is the new online skills bank for members with hidden talents.

It's not always easy taking the time out of work to become a fully qualified representative, but there are lots of things you can offer your local branch to help out.

Simply log on to the members' area of the UNISON website to register your interest. Branches will be able to access details of Team Unison and get in touch with members who have volunteered their time or skills.

We know how talented our members are. Become a member of Team Unison, and anything you do from playing an instrument to coaching young people can become a valuable contribution to your union and your workplace.

Get involved, it only takes 5 minutes.
